INFORMATION SHARING SUMMARY POLICY.

Policy Statement

We recognise that parents have a right to know that the information they share with us will be regarded as confidential, as well as to be informed about the circumstances when, and the reasons why, we are obliged to share information.

We are obliged to share confidential information without authorisation from the person who provided it, or to whom it relates, if it is in the public interest. That is when:

- It is to prevent a crime from being committed or to intervene where one may have been, or to prevent harm to a child or an adult; or if not sharing it could be worse than the outcome of having shared it.

The decision should never be made as an individual, but with the back-up of the management team. The three critical criteria are:

- Where there is evidence that the child is suffering, or is at risk of suffering, significant harm.

- Where there is reasonable cause to believe that a child may be suffering, or is at risk of suffering, significant harm.
- To prevent significant harm arising to children and young people or adults, including the prevention, detection and prosecution of serious crime.
- Our policies and procedures set out our responsibility regarding gaining consent to share information and when it may not be sought or overridden.
- We may cover this verbally when the child starts or include this in our prospectus.
- Parents sign our Registration Form at registration to say they understand this.
- Parents are asked to give written consent to share information about any additional needs their child may have, or to pass on child development summaries to the next provider eg school

Social Media

- Cranford children are often in the newspaper raising money for charity and we have also been on TV on Granada reports. If you would **not like** your child to be on any media sites then please give us written notice of this.
We have a Closed Face Book Group for parents, however we do request that parents respect this by not sharing pictures of other children on their own social media sites.
Please sign to say you agree to photographs of your child to be posted on our face book site and the newspaper, TV and other media reports.
